PROFESSIONAL SUMMARY

MERN Stack Developer skilled in MongoDB, Express.js, React.js, and Node.js, with strong knowledge of JavaScript, TypeScript, HTML5, CSS3, and Tailwind CSS. Passionate about learning The MERN stack full-stack web applications building responsive, user-friendly, and scalable web applications. Familiar with UI design using Figma and AI-assisted development tools like Claude Code. Completed practical simulations with IBM, Tata, and Walmart, strengthening problem-solving abilities and real-world development experience.

TECHNICAL SKILLS

- **Frontend Frameworks & Libraries:** React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS
- **Backend:** MongoDB, Express.js, Node.js
- **UI/UX Design:** Figma, Responsive Web Design, Component-Based Architecture, Design Systems
- **Development Tools:** Claude Code, Git, Version Control, NPM, Webpack, Code Review, Debugging
- **Specializations:** Frontend, Design Thinking, Advanced Software Engineering
- **Web Technologies:** RESTful APIs, DOM Manipulation, Web Performance Optimization, Cross-browser Compatibility
- **Methodologies:** Agile Development, Test-Driven Development, Clean Code Principles, Cybersecurity Best Practices

PROFESSIONAL EXPERIENCE

Web Developer (intern)

January 2026 – March 2026

CodSoft

Remote

- Developed responsive web applications using React.js, TypeScript, and Tailwind CSS, ensuring pixel-perfect UI implementation and optimal performance across devices
- Designed and implemented reusable React components following best practices for scalability and maintainability
- Collaborated with cross-functional teams to translate Figma designs into functional, interactive web interfaces
- Optimized application performance by implementing lazy loading, code splitting, and efficient state management
- Utilized Claude Code for AI-assisted development, improving code quality and development velocity
- Conducted code reviews and implemented modern frontend architecture patterns for clean, maintainable codebases
- Integrated RESTful APIs and managed asynchronous data flows using modern JavaScript techniques

EDUCATION

Bachelor's Degree of Computer Application

2023 – 2026 (with 7.2 CGPA)

Maharshi Dayanand University (MDU), Rohtak

Relevant Coursework: Data Structures & Algorithms, Web Technologies, Software Engineering, Database Management

ADDITIONAL INFORMATION

- **Technical Interests:** React ecosystem, TypeScript, Modern JavaScript, System design, GenAI applications, Web performance
- **Continuous Learning:** Actively exploring Next.js, Redux, Node.js, and cloud deployment platforms
- **Design Philosophy:** Component-driven development, accessibility-first design, mobile-first responsive approach
- **Languages:** English (Professional), Hindi (Native)
